

We continue to take bookings for appointments to witness the scattering of ashes. Listed below are the procedures that will be in place for any appointments to take place:

- Appointments available Monday - Friday between the hours of 10am -3.00pm.
- People will need to arrive for the appointment promptly to avoid cross over with any other groups attending appointments. Late arrivals may mean appointments can't go ahead and will need to be re-arranged.
- Only 1 person from the group to report to the reception on arrival (situated at the front of the building between the two chapel entrances). A face covering should be worn when in reception.
- A member of our staff will be conducting the scatterings as members of the group will not be permitted to handle the scattering urn.
- Names, contact numbers and the number of people attending will be recorded for the NHS Test & Trace.
