We are proud that our gardens at Portchester Crematorium provide solace and comfort to thousands of people every year, at a time when they need it most.

But did you know that you can help keep our gardens beautiful?

Each year, the Portchester Crematorium Joint Committee welcomes donations to its Garden Improvement Fund, and this supports the ongoing development of the grounds. It is through personal donations that features such as the rock garden, pond, woodcarvings and additional flower beds have been added.

As you would expect, there is always more to do and current donations are being used to develop the landscape by adding new trees and shrubs to complement the existing scheme.

Our policy of providing a peaceful, uncluttered environment means we are unable to permit memorial plaques. We do however very much appreciate the generosity of our supporters.

Portchester Crematorium is a place where people come together, sometimes as families and friends, and sometimes as a community.

So the next time you visit be proud... our garden is growing and it is thanks to people | like you.

\* The Joint Committee reserves the right to select trees, shrubs and other items to complement the existing layout.
